Professional Summary

Front-End Developer skilled in building responsive, user-friendly web applications using React.js, JavaScript (ES6+), HTML5, and CSS3. Experienced in UI/UX design, performance optimization, and delivering real-world projects. Recognized nationally for innovative solutions in educational technology.

Experience

MsarWeb – Front-End Developer Intern
- Menouf, Menofia, Egypt | Jul 2024 – Sep 2024

- Developed and deployed the company website within 4 weeks using HTML, CSS, and JavaScript, meeting strict deadlines.
- Improved website performance and responsiveness, achieving faster load times and enhanced cross-browser compatibility.
- Collaborated with a team of 4 developers, applying Agile practices and Git-based version control.

Education

Delta Technological University – Faculty of Industry and Energy
-Sadat City, Menoufia | Currently Studying

WE School for Applied Technology – Programming Department
- Graduated: 2025

Projects

Shawer – Sign Language Translator *(React.js, PHP, Python)*
Converts text into sign language videos to enhance accessibility. Recognized by the Ministry of Education and

showcased at Edu Tec Exhibition 2025.

Eslamic – Comprehensive Islamic Web App (React.js, REST APIs)

- Developed a full-featured Islamic platform with Quran reading, verse-by-verse audio playback, and integrated tafsir (interpretation) in multiple languages.

- Implemented Hadith collections, daily supplications (Adhkar), and interactive Islamic knowledge quizzes to enhance user engagement.

- Integrated multiple REST APIs for dynamic content delivery, supporting 10+ reciters and comprehensive Islamic resources.

- Built responsive UI with smooth navigation across Quran, Hadith, prayers, and quiz modules serving 1000+ daily users.

Automated News Video Generator *(Python, APIs)*
Automates 90% of video production by fetching content and generating videos automatically, reducing manual work significantly.
- GitHub : https://github.com/YoussefAbbas12/Python-Video-Generator.git

EnglishTaxo – Full-Stack Educational Platform (React.js, Node.js, Express.js, MySQL)

- Built a comprehensive full-stack web platform for an English language institute, featuring course catalog, company information, and student enrollment system.
- Developed student dashboard with real-time progress tracking, course analytics, and personalized learning metrics to monitor advancement across enrolled courses.
- Implemented admin panel with content management capabilities including post creation, student data management, course updates, and user role administration.
- Designed RESTful API backend with secure authentication and authorization, handling 500+ student records and 20+ active courses.

Skills

- Front-End: React.js, JavaScript (ES6+), HTML5, CSS3, Bootstrap, Tailwind CSS, Responsive Web Design, UI/UX
- Additional Knowledge: PHP, Laravel, Python, MySQL, Node.js (Express.js)
- **Soft Skills:** Communication, Teamwork, Problem-solving, Adaptability
